WIRELESS
COMMUNICATION

THE CB IS RENEWED AND BECOMES MULTIMEDIA!

Midland presents the Multimedia CBs, completely reviewed in both design and electronics. M10 opens the door to wireless communication: thanks to the new Bluetooth WA accessories (see page 54), connected to the 2 pin socket, you can communicate hands-free. The 2 pin socket also allows the use of the traditional wired Midland accessories. The front USB socket makes the M10 a practical power supply, always accessible to recharge electronic devices such as smartphone and tablet.

SPECIFICATIONS

- Band: Multi (see p. 31)
- LCD display, White Bright Light™
- White Bright Light™ backlight

THE BEST PERFORMING MULTIMEDIA CB!

An even larger screen and more functions make M20 the top of the Multimedia CB range. M20 allows wireless communication thanks to the new Bluetooth WA accessories (see page 54), connected to the 2-pin socket. The 2-pin socket also allows the use of the traditional wired Midland accessories. The front USB socket makes the M20 a practical power supply, always accessible to recharge electronic devices such as smartphone and tablet.
